## New Appellate Court.

The new Appellate Court was organized at Frankfort Tuesday. Judges Barker, Nunn, Settle and Paynter were sworn into office, and Judges DuRelle, Guffy and White vacate the bench. Each of the new judges are Democrats, leaving but two Republicans in the court.

## Work to Begin Soon.

Mr. Watson, of Beattyville Telephone Company, is busy making preparation to extend his line to Mt. Sterling via Clay City. The work on the local exchange at the latter place will be pushed and the long distance line will be undertaken when the weather settles. The company is anxious to get the line in service, as the members realize that the mountains are on eve of the biggest boom in history. Active operations in oil, coal and timber will soon commence on a grand scale when quick communication with the outside world will be necessary, and the company desires to be in position to handle this paying business.—Beattyville News.

## Heads Should Never Ache.

Never endure this trouble. Use at once the remedy that stopped it for Mrs. N. A. Webster, of Winnie, Va., she writes "Dr. King's New Life Pills" wholly cured me of sick headache I had suffered from for two years." Cure Headache, Constipation, Biliousness. 25c at Swann-Day Lbr. Co.'s store.

Even a deaf man can have a sound judgment.

## IMPORTANT NEWS-PAPER CHANGE.

### Henry Watterson's Courier-Journal Announces a New Policy.

During Three Decades the Louisville Courier-Journal has stood unalterably and conspicuously before the public as the representative of the great commonality of the people against both the Robber Baron, seeking through the creation of ill-got money to steal away the people's liberty by stealing away their franchise rights, and the ready-tool of the Robber Baron, the bandit politician, masquerading as a Statesman and a patriot the better to serve the ends of his master. In fulfilling this high function it has sometimes had to go fast and sometimes to go slow, sometimes to cry "onward," and sometimes to cry "halt," sometimes to drive at the root of things, and sometimes to drive ahead; but never changing the direction of its movement and always true to the underlying principle of its being, expressed by the simple demand for "The Greatest Good to the Greatest Number."

With the advent of the New Year that is on the first of January, 1903, the Courier-Journal began a campaign from which it looks for commanding results, and the better to reach the objects it has before it, the twice-a-week edition has changed to a once-a-week edition, returning to the old Weekly Courier-Journal, which for a quarter of a century was literally a political bible to millions of Americans who knew they could trust both its presence and its disinterestedness.

The new Weekly Courier-Journal is modern in every respect, and is a paper for the home. It is issued every Wednesday, and its ten or twelve eight-column pages are filled with the best work of the best writers. The price of the paper is \$1 a year, in advance, and it is well worth it.

By a special arrangement with the publishers of the Courier-Journal, you can get that paper and the TIMES one year for only \$1.

## Committees Appointed.

Ion B. Nall, State Commissioner of Agriculture and Chairman of the Committee on Agricultural and Horticultural Exhibits of the Kentucky Exhibit Association for the St. Louis World's Fair next year, announces his subcommittees for every county in Kentucky. John W. Williams, of Stanton, and W. A. Hoskins, of Clay City, compose the committee for Powell county, and in their hands, this county will be well represented. Each county committee has been asked to prepare at once a list of the agricultural and horticultural products of his county for the use of the State committee.

## The Secret of Long Life.

Consists in keeping all the main organs of the body in healthy, regular action, and in quickly destroying deadly disease germs. Electric Bitters regulate Stomach, Liver and Kidneys, purify the blood, and give a splendid appetite. They work wonders in curing Kidney Troubles, Female Complaints, Nervous Diseases, Constipation, Dyspepsia, and Malaria. Vigorous health and strength always follow their use. Only 50c, guaranteed by Swann-Day Lumber Co.

## What Do They Gain?

"People have the Western fever badly," says Howard Jolly, Traveling Passenger Agent of the Rock Island. "I have already arranged transportation contracts with a party of Kentucky people who are going West to seek future homes."

"Strange as it may appear, men who own good farms in Kentucky will sell out, break up good homes and go to all parts of the West, expecting to better their condition. I just contracted with a well-known farmer, living a short distance from Louisville, for transportation for his family of ten. He recently disposed of his farm for \$6,200, and has purchased a section of land in Oklahoma for 2,650, leaving a balance of \$3,450. The land is unimproved, but he figures that with the remaining \$3,450 he can erect a little home and begin life over again. It is remarkable the number of people who go West on a similar mission. Railroads figure that 80,000 homeseekers will penetrate the Western states in 1903."—Ex.

"I wish to state," he writes, "that Dr. King's New Discovery for Consumption is the most infallible remedy that I have ever known for Coughs, Colds and Grip. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread Pneumonia or Consumption. Its relief is instant and cure certain." Swann-Day Lumber Co. guarantee every 50c and \$1.00 bottle, and give trial bottles free.

D. B. Simpson, the sewing machine adjuster. Call on him and have your machine repaired. Leave your orders at Rose's store, Clay City, Ky. Satisfaction guaranteed.

## The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

## SPOUT SPRING.

Jas. F. McKinney made a business trip to Clark county last week.

The Estill County Court Day has been changed from the third Monday to the second.

Mosie McKinney is spending a week with his sister, Mrs. Geo. W. Lewis near Thomson.

Wm. Stone has sold the King farm to a Mr. Glass, of Clark county. We failed to learn the consideration.

F. R. Elkin is dangerously ill at the home of his sister, Mrs. Marion Dawson, across the river from here in Clark county.

It is with regret we learn that John W. Barnett has determined to sell out here and move with his family to Bates county, Missouri.

There was an improvement in the congregation at the Baptist Church Sunday over the December meeting, but no minister was present.

E. V. Curtis, who ran a blacksmith shop in this town a few years ago, has moved from Jeffersonville, where he has since resided, to Winchester and has engaged in business.

W. G. Patrick, the Kimbrell merchant, will shortly put a telephone in his store and that place will be made a toll station. This will be very convenient for the people of that section.

## A Singular Occurrence.

A queer story comes from Cornwall, Menifee county. The question of raising funds to repair the church there was being discussed, and Wm. Beecraft had spoken in opposition to it. He had barely finished when he was seized with heart disease and expired.—Sharpsburg World.

## MANSFIELD'S FLOUR

Has a taste and a flavor all its own, and possessed by no other flour sold in this section. We select our wheat from farms of the best growers in Central Kentucky, and nothing but choice grain goes into the manufacture of our flour. It's milled right too.

Ours is one of the best equipped mill plants in the State. You may buy BEST PATENT or MOUNTAIN LILY with the full assurance that baking results will not disappoint you.

Ask your Grocer for Mansfield's flour.

## CENTUARY.

RODNEY LITTLEPAGE MIZE, son of James and Dollie C. Bloom, was born May 6, 1892, and departed this life at his home, Wednesday, Dec. 17, 1902, being 10 years, 7 months and 11 days of age. His death was due to fever, and had been ill about two weeks when the death angel knocked at the door and plucked this bright blossom from their happy home.

We knew Rodney as a friend and as a school-mate, and knew him in his home association. Unassuming, pure and true, noble, aspiring, fulfilling the duties of boyhood with patient fidelity. On Friday morning before taking sick, how little did his school-mates and teacher think it was his last time to pass up and down the aisle of the school room. His school-mates and teacher mourn his death. He was a bright and studious little boy in school.

We can say the community and the home have, in his death, sustained an irreparable loss, but as we have lost, heaven has gained. We can only shed tears of sympathy with the remaining family, his father, Jas. G. Mize, having passed away eight years ago when Rodney was a babe. No words can be said to lessen their anguish. The heart in its human weakness calls out for its own, and refuses to be comforted. The mother, the father, the sister and the brother miss his bright smile; his helping hand; his comforting words.

A precious one from us has gone,  
A voice we loved is stilled;  
A place is vacant in our home,  
Which never can be filled.

God, in His wisdom, has recalled  
The love His boon has given;  
Though the body slumbers here,  
The soul is safe in heaven.

A School-Mate.

## Republican Convention.

The Republicans of this the Third Railroad District will hold a convention in Paris May 6 to nominate a candidate for Railroad Commissioner. County mass conventions will be held May 2.

## "A Happy Life."

A city daily is moved to remark: What a happy life the country editor must lead! A man of consequence in the community, influential in politics, invited to all the weddings and Christmas frolics, his larder filled with spare ribs, chitterlings and sausages, his wood pile giving evidence of the large subscription list his paper has, he prepares for the Christmas by preaching a holiday sermon in his editorial columns, and then announces that he will take a week's rest and there will be no paper issued from his office next week!

## A Matter of Justice.

Last August Mr. Walter Nipper and Mr. Bert Smith came to Clay City from Nashville, Tenn. to start up the box factory. After a few days, being very busy, Mr. Nipper asked Bert Smith to go as far as Louisville and meet Mrs. Nipper and the children and escort them safely to Clay City. On their arrival here, some jokers pointed them out as Bert's family. Everybody understood the joke at that time, but later on a certain party revived the report and told it as the truth.

As it casts a doubt as to Bert's real state, he, acting under the advice of his friends, allows us to publish Judge Dewey's letter, showing his real condition.

Cairo, Ill., Dec. 15th., 1902. To whom it may concern: The undersigned would respectfully state that he has known Mr. Bert Smith for more than twenty-five years, that he was raised in this city and came of an excellent family, his father was one of the leading physicians of Illinois. Mr. Smith is a high school and college graduate, was always sober and industrious and is a member of the Presbyterian Church. He is a single man, and he has many friends here who will appreciate any courtesy shown him. Yours respectfully,

Wm. S. Dewey,  
Co. Judge Alexander Co., Ill.

Don't waste your time taking hints.

## \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## Walnut Stumps in Demand.

Old walnut stumps are said to be coming in great demand. The knottier, uglier and more unsightly they are, the more the stump will bring. A stump cut several years ago was sold not long since and brought more than the whole tree formerly did. They are made into veneering material.

A wise man always bets on the top dog and the bottom facts.

## Rev. Irl R. Hick's 1903 Almanac.

To say that this splendid work of science and art is finer and better than ever, is stating it mildly. The demand for it is far beyond all previous years. To say that such results, reaching through 30 years, are not based upon sound sense and usefulness, is an insult to the intelligence of the millions. Professor Hicks, through this great Almanac, and his famous family and scientific journal, Word and Works, is doing a work for the whole people not approached by any other man or publication. A fair test will prove this to any reasonable person. Added to the most luminous course in astronomy for 1903 forecasts of storms and weather are given, as never before, for every day in the year, all charmingly illustrated with nearly two hundred engravings. The price of single Almanac, including postage and mailing is 30 cents. Word and Works with the Almanac is \$1 00 a year. Write to Word and Works Publishing Co., 2201 Locust Street, St. Louis, Mo.

The annual fire report of Lexington shows a loss during 1902 of \$16,000. This is a very light loss, and shows that their insurance costs them dearly.

### Small-Pox at Ford.

Judge Evans has been notified of the outbreak of small-pox at Ford. Mrs. Isaac Holland has the disease and there are said to be several exposures. The authorities have taken the matter in hands.

### Free Cure for Sick headache.

Chamberlain's Stomach and Liver Tablets are a certain cure for sick headache. If taken as soon as the first indication of the disease appears they will prevent the attack. Get a free sample of any dealer in patent medicine and give them a trial.

### A Card of Thanks.

To the good people of Clay City and Hardwick's Creek, whose kindly ministrations and sympathy were tendered during the sickness and death of our dear boy, Rodney L. Mize, serving to lighten the burden of our great affliction, we desire to extend our most sincere thanks and heartfelt gratitude.

MR. AND MRS. JAS. BLOOM.

### Croup.

The peculiar cough which indicates croup, is usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. Do not waste valuable time in experimenting with untried remedies, no matter how highly they may be recommended, but give this medicine as directed and all symptoms of croup will quickly disappear. For sale by all dealers in patent medicine.

### Richmond Court.

A small crowd was in town Court Day with business generally good. Norris Bros. Stock yards reported 400 cattle on the market, selling at 3 to 4 1/2 cents. Market active.

Madison County Stock Yards reported 600 cattle on hand with market good. Prices ranging from 3 to 4 1/2 cents. Everything cleaned up. Mule market strong.

He refers to 10,000 successful graduates. Kentucky University diploma under seal awarded his graduates. Over 500 students from 20 states this year. The demand for his graduates at this time to fill positions exceeds the supply. This College has not been closed a week day in 27 years. Students can begin at any time. Cost reasonable. If you have any idea of attending a Business College this winter or spring, write immediately for a large illustrated catalogue to W. R. Smith, Lexington, Ky.

Get a free sample of Chamberlain's Stomach and Liver Tablets from any dealer in patent medicine. They are easier to take and more pleasant in effect than pills. Then there use is not followed by constipation as is often the case with pills. Regular size, 25c. per box.

### Injunction Dissolved.

The injunction to prevent the holding of a Democratic primary election next May to select candidates for State officers was dissolved by Judge Cantrill at Frankfort Tuesday. An appeal of the case was taken.

All dealers in patent medicine guarantee every bottle of Chamberlain's Cough Remedy and will refund the money to anyone who is not satisfied after using two-thirds of the contents. This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.

### Combs Successful.

Thos. A. Combs was successful in the Democratic primary election for Mayor of Lexington Tuesday. His majority is 492. Mr. Combs formerly resided at Bowen, this county and conducted a general store and lumber business.

### Bought a Missouri Farm.

P. A. Wright, who left here for Missouri two years ago, and has since been living in Jackson county of that state, has bought a farm near Butler, Bates county, about 75 miles South of Jackson county, and will move to same the 1st of March. Mr. Wright's friends in this county will be glad to learn that he is getting along real well in his western home.

### Don't Worry.

This is easier said than done, yet it may be of some help to consider the matter. If the cause is something over which you have no control it is obvious that worrying will not help the matter in the least. On the other hand, if within your control you have only to act. When you have a cold and fear an attack of pneumonia, buy a bottle of Chamberlain's Cough Remedy and use it judiciously and all cause for worry as to the outcome will quickly disappear. There is no danger of pneumonia when it is used. For sale by all dealers in patent medicine.

The losses by fire in this country last year showed a great decrease, but by some peculiar process of reasoning we suppose the insurance companies will immediately raise the present altitudinous rates.—Lexington Democrat.

The Democratic primary at Lexington came just at the right time, if all reports are true. Boodle was plentiful, and for a while at least, the high price of coal will cut no figure.

### Dislocated her Shoulder.

Mrs. Johanna Soderholm, of Ferguson Falls, Minn., fell and dislocated her shoulder. She had a surgeon get her in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. For sale by all dealers in patent medicine.

All sickness is caused by disease germs. These germs are in the air we breathe, in the water we drink, in the food we eat, and our bodies are full of them. Any disorder of the blood, stomach or bowels, or any bruise or cut on the body will put these germs to work and sickness and pain follow. To restore health these germs must be killed. King's Royal Germicide is

### A GERM KILLER

Taken internally it goes into the blood and through all the pores in the body, absolutely killing the germs of disease. There is no other medicine like it, and hence thousands of its cures seem almost like miracles. It has thousands of endorsements like the following:

### How the Truth Would Sound.

A Western editor, who believes in telling the truth, published the following account of a wedding in his town, and thus can be gained an idea of how many of our wedding write-ups would sound if the whole truth were told.

"Willie Shortlike and Bettie Bloomers were married at the church last evening. The church was prettily decorated with flowers and potted plants borrowed promiscuously from over the town from people who don't want to lend them.

"The decoration was done under protest by some of the members of the church, who were asked to do so by the bride and couldn't refuse. The ladies are of the opinion that if the couple were so bent on having a stylish wedding they should have been willing to pay some one to chase all over town for a day getting flowers together and take them home again."

"The bride wore a nice silver-stein gown made at home, and the groom was decked out in a \$10 hand-me-down suit. The ushers wore cutaway coats, borrowed for the occasion. Sallie Potts was maid of honor, and the consensus of opinion was that she was two to one prettier than the bride. The young couple took the morning train for St. Louis, where they will spend more money in a few days than Willie can earn in three months.

"Willie says that now he's married he's going to settle down. Some of our merchants think it would have been better if he had settled up first. He gets a salary of \$37 a month, which is about the allowance Bettie has been used to for pin money. We wish, for Willie's sake, that the saying that it takes no more to support two than one, wasn't a lie.

The bride sent us a shoe box full of a conglomeration of stuff supposed to be cake. If this is a sample of Bettie's cooking we feel for Willie. Our janitor's dog fell heir to the cake, and now he's lying in the cold, cold ground. But this wedding in none of our funeral."

**ARE YOU DEAF?** **ANY HEAD NOISES?**

**ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE**

by our new invention. Only those born deaf are incurable. **HEAD NOISES CEASE IMMEDIATELY.**

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement, accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. **YOU CAN CURE YOURSELF AT HOME** at a nominal cost. **INTERNATIONAL AURAL CLINIC, 596 LA SALLE AVE., CHICAGO, ILL.**
